Southern Group Sees Victory Civil Rights

WASHINGTON (AP)—Leaders of the Southern bloc in the House today predicted victory in their effort to attach a jury trial amendment to the civil rights bill.

Passage of the bill next week is tacitly conceded. But a bitter fight is ahead in the Senate, where previous civil rights measures have foundered.

The big House fight is over the Southern attempt to amend the bill to provide mandatory jury trials for people accused of violating federal court orders issued in support of voting or other rights.

"I think we've got it," Rep. Willis (D-La.) told a newsman, Willis concentrated on the jury trial issue yesterday in delivering what amounted to the keynote speech for the Southerners.

Rep. John Bell Williams (D-Miss.) said, "It looks pretty favorable."

Rep. Abernethy (D-Miss.) said an actual count showed 240 votes in the House—22 more than an absolute majority for the amendment. But he conceded it might not be possible to hold all the Republicans the Southerners are counting on. President Eisenhower and the Republican House leadership opposed the amendment.

Willis, however, said he thinks there has been a shift of opinion among Republicans in favor of the jury trial amendment. His speech yesterday drew substantial applause from the Republican side.

The Southern strategists reportedly are hoping for a core of about 110 Southern votes, all but a few of them Democratic, plus about 25 more Democratic votes from other parts of the country and about 70 Republican votes. Such a total would be a majority or close to it, depending on absences.

Praises the Ability of NATO Forces

By ERNEST B. VACCARO

WASHINGTON (AP)—Gen. Lauris Norstad said today the military forces of the North Atlantic Treaty Organization now have "the capability of destroying what ever targets we must knock out."

The NATO commander told the Senate Foreign Relations Committee the forces are "three to four times stronger and many times more effective" than when they were set up by Gen. Dwight D. Eisenhower six years ago.

Norstad appeared before a closed session, but parts of his testimony were made public. He voiced full support of President Eisenhower's \$3,885,000,000 foreign aid program.

Opponents of the program defeated in attempts to deny the President longer range authority on spending abroad concentrated their fight today on reducing its total at a session following Norstad's appearance.

Norstad, who flew here yesterday, said that in Western Europe "there can be no question that the progress we have made could not have been made without U. S. military assistance."

"At some time, probably in 1953, NATO crossed the threshold of hope and one by one the individual nations began to believe that the Soviet threat had been countered," he said.

Helena Bridge Is Being Reviewed

LITTLE ROCK (AP)—A spokesman for the Arkansas Highway Department today said that plans for the proposed multi-million dollar Mississippi River bridge at Helena still are being reviewed by the Bureau of Public Roads.

He said construction bids could not be advertised for until BPR approval is received.

He said he didn't know whether the project could be included in a scheduled July 10 letting. Bid for the July jobs will be advertised for about June 28.

The Arkansas Highway Commission recently decided to seek bids on the long-planned bridge even though financing details have not been completed. Financial arrangements will be made after exact cost is known.

Arkansas Airmen Killed in Florida

EGLIN AIR FORCE BASE, Fla. (AP)—Airmen 3rd Class Prettie Malone Jr., 20, of Osceola, Ark., was killed yesterday in the explosion of an oxygen system in an F80H Sabrejet here.

Two other airmen were hurt. Air Force officials said Airman 2nd Class William O. Nelson, 19, of Hickory, N.C., had just left the cockpit of the plane when a high pressure oxygen bottle used for Poland today signed an agreement.

Fragments struck Malone, Nelson and Airman 3rd Class Alvin C. Stovick of Glenville, Minn. Malone is survived by his parents, Mr. and Mrs. Prettie Malone of Osceola.

Baker Official Received \$60,000 Probers Told

WASHINGTON (AP)—Senate rackeeters today heard testimony that a national vice president of the Bakers Union, Max Kralstein, received some \$60,000 proceeds from a June 1936 Waldorf-Astoria banquet held in his honor.

Joseph Tenczar, ousted business agent of a Brooklyn local, told the committee a story of "pressuring" of employers to buy tickets and advertising in connection with the banquet.

He said the employers so tapped were men with whom Kralstein regularly bargained for baking industry labor contracts.

Tenczar told about hitting some 60 employers for \$25 banquet tickets plus \$50 contributions for getting their names printed on a banquet souvenir program.

Robert Kennedy, committee counsel, asked whether he used "pressure" to get the contributions.

"Most certainly did," the witness replied.

Tenczar said when employers balked, a special union "team" took over to press them for contributions. He said he assumed they were reminded bargaining demands might be tougher if they didn't contribute.

"I know if I were an employer I would have paid," he added.

The committee went into the story of Kralstein's banquet as a preliminary to later questioning of James G. Gross, international resident of the Bakers, about reports of gifts and other favors he had received from the union. It also planned to question witnesses about alleged misuse of funds of a local in Los Angeles.

Kennedy read what he said was a breakdown of receipts and expenditures for the Kralstein banquet. He said the data came from records of the consolidated Local No. 3 in New York.

Kennedy's figures showed that out of about \$85,000 receipts, some \$60,000 went to Kralstein. This included about \$50,000 cash, a portrait of Kralstein and a gift valued at \$1,650 for Kralstein's wife.

Tenczar said he also was required to contribute.

21,146 Join Soil Bank in Arkansas

WASHINGTON (AP)—The Agriculture Department reported today that Arkansas farmers have signed 22,146 Soil Bank agreements this year, placing a total of 252,018 acres under the program.

If the agreements are carried out, the participating farmers will be eligible for a maximum of \$13,981,057 in acreage reserve payments this year.

The Soil Bank program offers payments to farmers for taking land out of production of surplus crops such as cotton, wheat, corn, rice and tobacco and also for diverting poorer land to forestry and other non-crop uses.

Through the April 15 deadline for signing conservation reserve contracts their year, 1,488 Arkansas farmers had put 63,240 acres under this phase of the soil bank. These farmers will be eligible for payments of \$1,263,000.

Participation by Arkansas farmers in the acreage reserve phase breaks down by crops as follows:

Wheat — 138 agreements; 2,157 acres, and maximum payments of \$38,580.

Corn — 1,309; 8,698 acres; \$107,797.

Cotton — 18,888; 187,754; \$10,308,748.

Rice — 1,764; 53,378 acres; \$3,227,554.

Tobacco — 47; 31 acres; \$7,378.

Bakers Union Chief Called to Explain

By G. MILTON KELLY

WASHINGTON (AP)—James G. Cross, international president of the Bakers Union, was summoned before Senate Racketers probers today to explain gifts and other favors he received from his union.

But first the committee headed by Sen. McClellan (D-Ark.) planned to question other witnesses about allegations of misuse of funds of a Bakers local in Los Angeles, and about dealings between union officials and employers in New York City.

Repeated fifth Amendment pleas by George Stuarth, resigned vice-president of the international union, halted efforts by the committee to question him yesterday about testimony that he had misused more than \$40,000 of union money.

Stuart, who said he is now unemployed, used the amendment's protection against self-incrimination 23 times in 10 minutes.

Stuart paled and closed his eyes when Robert F. Kennedy, the committee counsel, read off to him an Illinois statute which defines embezzlement under trust as larceny.

Death Toll in Truck Wreck Reaches 19

By FAYETTEVILLE, N.C. (UP)

The death toll in a truck collision near here reached 19 today to tie the record for the nation's worst truck accident in history.

Store Sales in Downward Trend

ST. LOUIS (AP)—Department store sales in the Eighth Federal Reserve District continued their downward trend last week.

District sales for the week averaged 9 per cent lower than for the corresponding week a year ago, the Federal Reserve Bank of St. Louis reported. Losses were reported in all district cities except Little Rock, Ark., where sales were up 4 per cent from a year ago.

Sales were down 12 per cent in the St. Louis area, 8 per cent at Louisville, Ky., and 6 per cent in seven smaller district cities.

District sales for the four weeks that ended Saturday were down an estimated 5 per cent and for the year to date an estimated 1 per cent as compared with the corresponding periods of 1936.

Publisher Says Signatures Total 40,000

LITTLE ROCK, (UP)—Hope Newspaper Publisher Alex Washburn said today that more than 40,000 signatures had been received on petitions for referral of the state sales tax at the 1938 general election. Only 24,000 signatures are required.

Washburn said, however, he would accept petitions through the mail through next Monday, and that his offices here and at Pine Bluff would remain open until the June 12 deadline.

Washburn extended his thanks to county clerks for providing poll tax books, necessary for checking the validity on signatures on the petitions.

Washburn announced earlier this week that he had more than 35,000 signatures requesting the general election referral. He said, however, that plans to call a special election for the referral had been abandoned.

It would require nearly 60,000 signatures for the special election, and Washburn said he did not believe that many could be received by the Wednesday deadline.

The Hope publisher testified at a committee hearing during the 1937 legislature against the one per cent sales tax increase which was requested by Gov. Orval C. Faubus and eventually approved by the general assembly. He gave notice at the time that if the tax increase should be approved, he would circulate petitions for the referral.

Opponents Try to Cut Foreign Aid Money

By ERNEST B. VACCARO

WASHINGTON (AP)—Opponents of President Eisenhower's foreign aid program — defeated in attempts to deny him longer range authority — concentrated their fight today on reducing its \$3,885,000,000 total.

The Senate Foreign Relations Committee approved late yesterday the two-billion dollar revolving fund Eisenhower asked to make long-term, low-interest loans over a three-year period for economic development abroad.

It also voted him authority to continue military assistance and defense support to free world allies for at least 10 more years.

Until now, that authority has been granted on a year-to-year basis. This left opponents little to fight over in the committee except funds to be authorized for military aid and defense supports, a special fund for emergencies, technical assistance and other phases of the program.

Sen. Sparkman (D-Ala.) predicted cuts would not top 250 million dollars in committee. But Sen. Long (D-La.) predicted a "much higher figure." There has been talk of a slash as big as 750 millions.

Long said opponents will carry to the Senate their fight to limit the aid authority. "and I think we'll have better luck there." The bill comes up for Senate debate next week.

Big Crowds at Garrett Church Meet

The revival at the Garrett Memorial Baptist Church is being well attended. Services at 10:00 a.m. and 7:30 p.m. draw large crowds.

Last night was the high point in the meeting with a well filled house. Many were heard as they left the service saying "this reminds me of many years ago."

Rev. Jewell McGrackin preaches with force and the public will do well to hear him while he is in this city. The meeting will continue into next week. Rev. McGrackin will remain through the meeting and will speak on the "Rock Ages" broadcast at 9:00 a.m. Sunday.

Ellis to Head Peace Officers

LITTLE ROCK (AP)—Sheriff Leonard Ellis of Hot Springs yesterday was elected president of Arkansas Peace Officers Association.

Inspector Carl L. Miller of the State Police at Little Rock was elected secretary-treasurer.

Vice presidents included Jerry Acovich of West Helena, U. S. Marshal B. Beal Kidd of Little Rock and Doyle Duncan of Hampton.

The association wound up its three-day convention with a pistol contest at Camp Robinson today.

May Let Farmers Move Acreage

WASHINGTON (AP)—The House Agriculture Committee was expected today to take up a bill by Rep. E. C. Gathings (D-Ark.) which would permit farmers whose land is flooded to move their cotton acreage allotments to other farms.

Gathings introduced the measure yesterday in an attempt to help Arkansas farmers and those in other flood-stricken areas.

He said he was hopeful that committee action would be favorable.

U. S. Agrees to Ship Goods to Red Poland

WASHINGTON, (UP)—The United States and Communist Poland today signed an agreement promising \$48,000,000 in American agricultural products and mining machinery to the independence-seeking Gomułka regime.

The agreement marked the first extension of U.S. aid to a Communist nation since last fall's satellite revolts in Eastern Europe. American officials hoped it would help Premier Wladislaw Gomułka hold to his policy of greater independence from Moscow.

The United States also pledged an additional shipment of \$40,000,000 worth of surplus wheat and cotton, boosting the total Polish aid figure to 95 million dollars, as soon as Congress passes enabling legislation.

The State Department decided to go ahead with a partial aid agreement after the House delayed action on a bill to authorize an additional billion dollars worth of surplus U.S. agricultural products, anticipated in the supplemental aid agreement, will come out of this authorization.

Today's initial agreement calls for an export-import bank loan of 30 million dollars largely for use in buying mining machinery. (The United States also will sell Poland, for Polish currency, \$18,000,000 worth of cotton, fats, and oils.)

Dr. Rodkey yesterday issued a statement here in which he charged that a "diplomacy" existed at the sanatorium. He said he would take back his job if Dr. Ralph Crigler of Port Smith, the sanatorium board's chairman, and Supl. T. H. Lipscombe would resign.

The former medical director quit after Dr. Crigler discharged two Filipino staff physicians, Drs. Rod Cuizon and S. C. Castro, last Friday. He said the board asked for his resignation at a May 26 meeting.

Another resignation came yesterday.

Dr. Edward Tellez, who Dr. Rodkey said was a Cuban, quit his post on the staff.

Commenting on the resignation, Dr. Crigler said at Port Smith: "He's another Filipino and I'm glad to get rid of him. It just saved me firing him."

Dr. Crigler said one of the reasons for his firing of Dr. Cuizon was an "open letter" the Filipino exchange physician wrote to Gov. Orval Faubus. In the letter, Dr. Cuizon supported Dr. Rodkey in his differences with the board.

Dr. Crigler said yesterday that the trouble between the board and Dr. Rodkey grew out of the former medical director's refusal to make ward rounds with staff physicians at least once a month.

In reference to this point, Dr. Rodkey contended that he had too much outside work and could not make the rounds. He said his extra duties included replying to 20,000 letters annually.

Light Shed on Resignation at TB Hospital

LITTLE ROCK (AP)—Participants in a controversy at the state Tuberculosis Sanatorium at Booneville have shed more light on the causes of Dr. George Rodkey's resignation as medical director.

Dr. Rodkey yesterday issued a statement here in which he charged that a "diplomacy" existed at the sanatorium. He said he would take back his job if Dr. Ralph Crigler of Port Smith, the sanatorium board's chairman, and Supl. T. H. Lipscombe would resign.

Americans to Pay for Goods and Services

By ROBERT SHORTAL

NEW YORK (UP)—Americans are going to shell out more than a quarter of a trillion dollars this year for goods and services.

This record 277 billion dollars will go for everything—automobiles, houses, clothes, ice cream sodas, haircuts, vacations and even a few bets on the ponies. It averages about \$1,600 for every man, woman and child in the U. S.

It will be about 10 billion dollars more than we spent last year. It will help keep the wheels of industry humming along at a prosperous clip.

Increased government and business spending will add fuel to the rise which is expected to carry the gross national product—the value of all goods and services produced—to a new peak of 435 billion dollars this year. That is nearly half a trillion.

Consumer spending is the most important cog in the wheel—six times the amount to be spent on industrial expansion and three times the outlay by government.

Red River at 30.6 Feet, to Reach 32 Sun.

Red River at Fulton reached 30.6 feet Friday morning and will continue to a crest of from 31 to 32 feet shortly after noon Sunday, June 9. This will put the water at least two feet higher than the May stage, which flooded crops in the area.

The river crested at Arthur City yesterday and should crest at Index at about 30 feet Saturday. Fed by the overflow of Little River valley the crest will hit Fulton at about 32 feet.

Thousands of acres are already under water in both Hempstead and Miller Counties. Engineers are watching weak spots in levees particularly in the loop area where Little River joins the Red. A gate (culvert) under the Ogden levee on the east side of Index Bridge on U. S. Highway 74, was leaking water and required plugging.

A portion of the Orton levee, below Ogden, is completely washed out and the river bank is caving badly.

There was some relief from Lake Texoma which reached a peak of 443.18 at 4 a.m. Thursday but dropped to 442.99 feet. The discharge at the present is 95,000 cubic feet per second or enough water spilling every two and a half hours to supply a city the size of Dallas for a day.

Millionaire Kills Wife in Fit of Rage

CHICAGO (UP)—A millionaire collector, attorney and explorer, "Burrhead" and killed his beautiful ex-wife in a rage when a reconciliation attempt failed and then tried to take his own life, police said today.

Authorities said Bailey Stanton, 64, muttered "this was a suicide pact." But Police Capt. Leroy Steffens said he doubted Stanton's story.

Stanton was found slumped beside the body of his milk-clad former wife, Dr. Margaret Stanton, 45, yesterday in her parked car.

"Let me die," Stanton pleaded when police arrived. "Please let me die."

The victim was looking forward to her marriage next Wednesday to Dr. Max Forkosh, 49, a dentist and founder of the Forkosh Memorial Hospital. Mrs. Stanton had been on the hospital staff as a physician and surgeon for six years.

Stanton's condition was described today as "fair" at Illinois Masonic Hospital. However, physicians said even if he survives, he will be blinded for life. He shot himself in the head and chest. Mrs. Stanton was killed with a bullet wound in the head.

Oil Industry to Invest Billions
NEW YORK (AP) — The oil industry will invest 60 billion dollars in the next five years to meet the world's fast-growing demand for oil products, Augustus C. Long, board chairman of the Texas Co., predicted today.
He said half of this vast sum — or 30 billion dollars — will be spent outside the United States.
But he warned American companies will be reluctant to invest large amounts of money in countries "whose records are stained by broken contracts and instances of bad faith."

In a speech prepared for a luncheon meeting of the New York Chamber of Commerce, the Texaco chairman estimated that by 1965 U. S. demand for petroleum will jump 40 per cent to more than 12 million barrels a day and that demand in other non-Communist countries will rise 115 per cent to more than 14½ million barrels daily. This means that by 1965, free world consumption of oil will be five times greater than it was before World War II, he pointed out.

"On the basis of everything we know now," he said, this increase in foreign demand will be met chiefly from foreign production, principally in the Middle East.

One week from this Thursday, June 20, for one night only, The Gospel Herald, from Wheaton College, Wheaton, Illinois will be guests at the Hope Gospel Tabernacle. They will be singing the Gospel you will hear instrumental music, personal testimonies, and Bible centered messages. Here them one week from this Thursday, June 20.

Conserve the soil! It's an urgent national call! How are you treating Mother Earth? How are you treating God? Make no mistake, they have been good to you... always warm and kind... always ready to give you their best. Have you been taking from Mother Earth all these years without putting anything back? Have you been guilty of sapping to death God's soil? Then stop! Consider! "The earth is the Lord's and the fullness thereof." You should be a trustworthy steward of God's earth. That's why He put you here... to help Him take care of things. Accept the great trust He has placed in you. Prove yourself a good partner of the Almighty. Go to church Sunday and renew your faith in the God of Heaven and the good Earth.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that the young and old alike are showered with benedictions, stronger democracy, in the church the minister and a molding religious character. Statemen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular church-goer and a daily Bible reader.

Officer Takes Union Funds, Probers Told

WASHINGTON, June 7.—A Chicago Bakers Union official testified today he deposited some \$9,000 of union funds in his own savings account on orders from his union "boss," but didn't keep the money.

Anthony Conforti, president of Chicago Bakers Union Local No. 1, said he considered that "well, yes," this was a strange way to handle the money.

But Conforti said he did not question the orders which he said came from George Stuart, then international vice president of the union.

Conforti said the money came from a \$10,500 fund raised by Chicago Local Unions No. 300 and No. 100 for use in efforts to get a union contract with the Salerming Co. of Chicago.

Conforti told the Senate Rackets Investigating Committee that under instructions from Stuart he channeled the money into a union bank account, drew it out in cash, deposited it in his own savings account, then made withdrawals and gave the money to Stuart.

Robert F. Kennedy, counsel to the Senate committee, asked whether "it didn't strike you that this was a strange way" to handle the money.

"Well, yes," Conforti said. "That's why I used my own money to open the account."

He said he had withdrawn \$6,750 of his own money from a safety deposit box to start his savings account.

The committee, headed by Sen. McClellan (D-Ark.), has Stuart tabbed for later testimony. It said he would be a key witness in the general inquiry into the union's affairs as would James G. Cross, the union president.

McClellan in a statement prepared for the start of the Bakers Union hearings said he expected the testimony will touch upon:

"1. The misuse of union funds. The officials involved will be given ample opportunity to explain some transactions which appear to be irregular.

"2. The operation of certain local unions under trusteeship. . . We have received a large number of complaints from dues-paying members about dictatorial and undemocratic practices. . .

"3. Certain relationships between management and labor officials which, if not satisfactorily explained, must lead to the inference of impropriety and collusion between the individuals to the apparent disservice of members of the union."

McClellan said there had been an exchange of "substantial favors" and that whether "extortion practiced by corrupt union officials or bribery practiced by corrupt management or both," were involved was not entirely clear.

ed to go around to the bakery shop over which he had union supervision and get employees to kick in a dollar or two dollars toward a ticket. The contributing employees then drew lots to see which one would go to the affair.

Teneker said he was opposed to the whole idea, and that his opposition to holding frequent banquets and money collections for high union officials was the reason he was fired by the union as a business agent.

"My job was to enforce the union contract in the 60 or so shops where I was assigned," he said.

"I didn't see how I could enforce the contract and come in every five or six months with my hand out asking the employers for money."

Most of this money allegedly came from Locals 100 and 300, which have been merged into the big Chicago Local 1.

The committee also traced some funds of the international union which the staff investigators said were used on instructions by Cross for benefit of a woman

named as Mrs. Kay Lower. Staff investigator James Mundie testified that a \$200 money order listed in union records as a strike donation for Los Angeles, actually went to a Mrs. E. K. Thorpe of Los Angeles, who, he said, also is known as Kay Lower. Mundie said union records showed this transaction was marked "OK J. G. C."—the initials of the union president.

Anthony Conforti, president of Chicago Local 1, acknowledged that he received some of the cameras and other costly gifts. He said were bought for union officials with funds of the Chicago Locals 300 and 100. Stuart then was running the locals as a trustee appointed by Cross, and Conforti was secretary-treasurer of Local 300 under Stuart.

Director of TB Sanatorium Calls It Quits

BOONEVILLE, (P) — A few days after reports of dissension at the state Tuberculosis Sanatorium here Dr. George Rodkey has announced his resignation as medical director.

His announcement yesterday was accompanied by a statement that his differences with the administrative board had become "intolerable."

The action confirmed indications that a rift had developed between staff members and the administration.

Two Filipino exchange doctors were fired from the staff Friday by Dr. Ralph Crigler of Fort Smith, board chairman.

The two, Drs. Rod Culzon and S. C. Castro, had submitted resignations effective Aug. 1. But Dr. Crigler fired them after Dr. Culzon wrote an "open letter" to Gov. Orval Faubus in support of

Mobile Fans Will Remember Baron Player

By The Associated Press

Mobile fans will likely remember Birmingham's Larry Osborne for a long time as the fellow who knocked their Bears back into the Southern Association cellar after brilliant pitching had bailed them out.

The 22-year-old Osborne clubbed a triple and two singles last night, stole a base and scored three runs in the 5-3 Birmingham victory that sent the Braves back to the basement. The night before, rookie Osborne drove in four runs with a homer and a single in an 0-2 Batofi triumph.

And just to demonstrate his versatility, Osborne pulled off the fielding gem of the night when he backhanded a drive by Mill Davidson and held the Mobile slugger to a single in the 8th inning.

New Orleans graduated to seventh place by winning a 3-2 decision from Atlanta in 10 innings. Pace setting Memphis trimmed the second place Nashville Vols 5-4 and Little Rock made two in a row over Chattanooga 6-2.

Hobbled by Mobile's Carl Thomas and Gary Bell in the first two games of the series, Birmingham squared the series by blasting Bruin hurlers for 19 hits in the last two games.

Little Rock kayaked Chattanooga starter Russ Heman with four runs in the 1st inning, and Trave right-hander Ken Johnson posted his fourth victory with a six-hitter. A double by Russ Rose and Gerry Streeter's triple were the big blows, Johnson, a five-game loser, finds the going easy against the Lookouts. He shut them out the previous time he faced them.

The victory left Little Rock only one game behind fourth place Chattanooga.

Memphis taught the powerful Nashville Vols a slugging lesson with three roundtrippers but employed a double by veteran George Shuba to negotiate the winning run in the 8th John Goryl, John Gabler and Gip Dickens homered for the Chicks. The victory was credited to relief ace Glen Hobbie 2-2.

A wild throw by relief pitcher Paul Cave permitted the winning run to score for New Orleans and gave the Mets their only victory in the three-game series with Atlanta. Homers by Dick Stuart and Dick Phillips represented the Cracker run output.

On June 22, 1921, the Wright Aeronautical Corp. was the first aviation company to have its stock traded on the New York Stock Exchange.

the water at the basin.

"Yes," said Dr. Windsor, he introduced the mother to Garde. "He'll take over with Betty now, I imagine. But — yes, doctor, it's an allergy. To about everything in the book. It's all on the record. She goes to a specialist in St. Louis."

Garde asked the name and nodded. "Our immediate problem," Windsor continued, still sounding angry, "has to do with a bit of surgery which was done last week. A hemangioma — Cornell excised it — tissue tests negative — healing was going well. But last night Betty scratched the suture out and ruined the job."

"I couldn't help it," protested the mother. "She must have done it while she was asleep. I suppose it leaked."

"And she probably has a behavior pattern of scratching," said Garde quietly, coming up to the table.

"About all we can do now," he said, "would be to let it heal, and then cut out the keloid, hoping for a hairline scar. In a girl."

"I know it's important for her not to scratch," cried the harried mother. "I tie her hands into mitts, and she had on pajamas close to the neck."

"If you could talk to her and soothe her," suggested Windsor. "I can't sit up with her all night, doctor."

Windsor shrugged. Garde nodded. "They make lightweight aluminum guards. Or you could tie on leather mittens."

"A straight jacket, size two?" Windsor contributed.

But Garde took him seriously. "You could make her pajamas with double-length sleeves that could fasten behind her."

"Doctor, what will these restraints do to her character?" "What will an infected, open sore do to her health?"

The mother stared at him. "If you'll make a game of the splits or the mitts — Once we've controlled the allergy, they can be discarded. I'd say to use them, much as we would put a brace on a crippled leg."

Requests Reports of Influenza

LITTLE ROCK (AP) — The state health department today requested Arkansas doctors to report to the department all cases of influenza.

The request came from Dr. A. M. Washburn, director of the state health department.

Washburn suggested Windsor. "I can't sit up with her all night, doctor."

Windsor shrugged. Garde nodded. "They make lightweight aluminum guards. Or you could tie on leather mittens."

"A straight jacket, size two?" Windsor contributed.

But Garde took him seriously. "You could make her pajamas with double-length sleeves that could fasten behind her."

"Doctor, what will these restraints do to her character?" "What will an infected, open sore do to her health?"

Boys State Names New Governor

BOYS STATE (UP) — Frank Brodie, 17, the son of Mr. and Mrs. Frank T. Brodie of Little Rock, was chosen governor of the American Legion-sponsored Boys State today.

Brodie, the Federalist Party candidate, won a narrow 302-260 victory over the National cut nominee, Dick Harper of McGonigee. He became the first Little Rock youth to win the top office of the mythical boys' state since it was inaugurated in 1941.

Results of races for other state offices:

Bill Hicks (Fed.) of Little Rock, lieutenant governor; Sid McCollum (Nat.) of Conway, secretary of state; Ronnie Hubbard (Nat.) of

communicable disease division.

"All health agencies are being alerted to the possibility that the influenza now raging in the Far East could appear in the western hemisphere this summer or fall," Dr. Washburn said.

Brodie is president-elect of the Little Rock Central High School member of the past three years. He is an outstanding athlete, and lists among various organizations a membership in the national high school society.

The Boys' State is an annual encampment staged by the American Legion in each state to teach the principles and goals of Democratic government. Only high school students who have just completed their junior year are eligible as delegates.

In golf, Bobby Jones is the only man to hold the American amateur and open titles, and the British amateur and open titles simultaneously.

Thought For The Day
It is foolish to try to live on past
experience. It is very dangerous,
if not fatal habit to judge ourselves
to be safe because of something
that we felt or did twenty years
ago. Spurgeon said it.

N. F. A. Student To
State Forestry Meet
The Yerger High New Farmers
of America Organization sent Odel
Dennis to the State Forestry Meet-
ing being held at A. M. & N. Col-
lege, Pine Bluff, Ark. from the
3rd to the 6th of June inclusive.
This is the third consecutive year
a boy from this organization has
attended this meet.

Since Forestry has become one
of the most worthy enterprises of
this state, it is felt that further
knowledge may be gained in this
field by attending a meeting of
this type. The meeting is conducted
and supervised by State Forestry
members, with a well planned re-
creational program included. Our
student attending last year had an
opportunity to demonstrate his ac-
quired skill before a group of class-
mates and adults, on a local farm
during the past school year. His
demonstration included estimating,
thinning, planting, protection, and
marketing of timber.

Miss Ever Lee Ford began work
as Assistant Home Demonstration
Agent for Negro Work June 6, to
fill the vacancy caused by the
transfer of Mrs. Maude B. Davis.

Mrs. Davis is now Home Develop-
ment Agent in the state office in
Little Rock. She will work over
the state with the agents in Home
Development and will make visits
in Hempstead County from time to
time.

Miss Ford is a former 4-H girl
of Lonoke County in the Union
Valley community. She attended
Arkansas Baptist College for two
years and completed her college
work in Home Economics at A. M.
& N. Pine Bluff in 1936.

This past school term, Miss Ford
taught seventh and eighth grade
social studies and reading arts in
the Junior High School Depart-
ment at Lincoln High School, For-
rest City.

Perhaps Those Phillies Are Not Kidding

By ED WILKES

Of The Associated Press

Maybe those Philadelphia Phil-
lies aren't kiddin'. When they can
take five of seven from Cincinnati
and Brooklyn, and Robin Rob-
erts gives up just one home run in
20 innings, it's no joke.

They did just that last night, with
Robin—the gopher ball king—hold-
ing the robust Redlegs to eight hits
while his mates came through with
three home runs to beat the Na-

national League leaders 6-2.

That gave the Phillies the series
2-1 and shoved them within
1 1/2 games of Cincinnati again, al-
though they remained in third
place. The Dodgers, also 1 1/2 out,
retained a five-percentage point
edge over Philadelphia when their
game with the Chicago Cubs was
postponed by fog.

Fourty-place Milwaukee lost to
the New York Giants 2-0, and
St. Louis swatted Pittsburgh 8-0.

In the American League, Chi-
cago's White Sox defeated Boston 3-2
for a three-game sweep and their
fourth in a row. Second-place New
York, five games back, slugged
Cleveland's third-place Bribes for
the third day in a row, this time
14-5 on 20 hits.

Detroit replaced Boston in fourth
with a 7-6 victory over Washing-
ton. Baltimore defeated Kansas
City 8-3.

Roberts gave up nothing louder
than triple while gaining his
eighth complete game, tops in the
majors, and drawing up to the .500
mark 8 and 8 with his third vic-
tory in a row.

Stan Lopata and rookie Bob
Bowman hit two-run homers and
Rip Repulski unloaded a solo shot
to hand Don Gross his second de-
feat. The young lefty, who had won
eight without defeat since 1935,
now has lost two in a row.

The Dodgers were leading 1-0 be-
hind Don Newcombe when fog
called a halt in the second inning
at Brooklyn.

Murry Dickson blanked the Pir-
ates with a six-hitter, three by
Gene Baker. Del Ennis homered
for the Cards in Ron Kilne's

eight defeat and Stan Musial re-

gained the league batting lead at
.382.

Ruben Gomez, who hadn't beat-
en Milwaukee since his run-away
from Joe Adcock last July 17, won
his seventh—tops in the N. L. He
gave the Braves just four singles.
Bob Euhl lost it, giving up Red
Schoendienst's eighth home run
and fourth in three games.

A two-run homer by Minnie
Minoso in the seventh won for
the White Sox, who have taken
20 of their last 25. Jim Wilson gain-
ed his sixth victory with a seven-
hitter, holding Ted Williams .393
